

Charter

- ▶ Considering that the European Directive on Energy Performance of Buildings represents a great challenge for the transformation of the European building sector towards a better energy efficiency, increased use of renewable energy sources and the reduction of CO₂ emissions,
- ▶ Considering that municipal buildings should be/become shining examples and conscious of the necessity to rely on our citizens in order to reach our objectives,
- ▶ Considering that it is important to reinforce the entry into force of the European Directive on Energy Performance of Buildings - and to enlarge it to environmental aspects - by a voluntary initiative,

we decide to join “Display® – European Public Buildings Climate Campaign”.

Joining Display® allows us to:

- ▶ Compare buildings within our own stock
- ▶ Exchange experience with others in Europe local authorities

In order to ensure the success and common European nature of the European Campaign “Display®”, we commit ourselves to comply with the following conditions to:

- ▶ Display to citizens the performance of buildings – in terms of energy consumption, CO₂ emissions and water consumption – of at least:
 - **5 municipal buildings** (local authorities < 50,000 inhabitants)
 - **10 municipal buildings** (local authorities between 50,000 and 100,000 inhabitants)
 - **20 municipal buildings** (local authorities > 100,000 inhabitants),
- ▶ Provide Energy Cities with the administrative data related to our local authority that are required for the poster and the official website of the European Campaign “Display®”,
- ▶ Display the Display® posters in each of the buildings concerned at locations well used by the public,
- ▶ Launch an information and awareness campaign addressing the users of the buildings concerned.
- ▶ **In return, Energy Cities commits itself to:**
- ▶ Provide our local authority with a web-based calculation tool as well as a handbook for this calculation tool,
- ▶ Enable us to produce the Display® poster for each of the chosen buildings (PDF file),
- ▶ Provide further information for the implementation of Display® at the request of our company,
- ▶ Keep us regularly informed about the progress of the European Campaign “Display®”,
- ▶ Publicise our work thanks to the official website www.display-campaign.org.
