

Stickers

Used on internal mail envelopes etc

Postcards

Postcards distributed to staff.

It's time to co₂ntrol yourself!

It's time we all co₂ntrolled ourselves a little better. It isn't hard, we just need to turn off photocopiers and printers at night. Don't let taps run - especially hot ones and if you're making a hot drink, only boil the water you'll actually need.

We all need a bit of self co₂ntrol:

It's time we co₂ntrolled ourselves better.

It isn't hard, we just need to turn off lights when they aren't needed, switch off monitors when we're away from our desks for more than 30 minutes and make sure photocopiers aren't left on at night and over the weekend.
